## Hail, Kindly Cedars! Hail!

Oh, here's a glee to the cedars,
Our stanch old friends and true!
What boots the snow, when the wild winds blow;
For never a change do the cedars know
All the long years through.

And there's a lilt to the cedars,
Sturdy of frame and mien.
Where the lordly oak-tree's pride is fled;
And he stares as a Gorgon, stark and dead,
There by the cedars green.

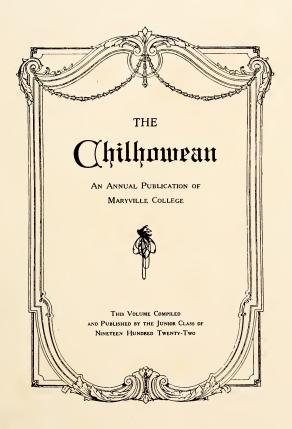

A toss of my cap to the cedars!

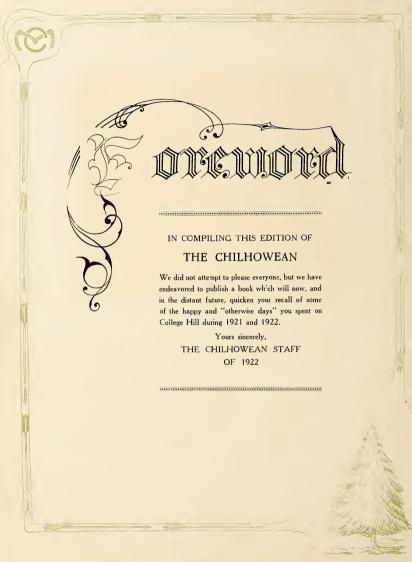

The lovingest trees that be.
The time-tides roll and the seasons veer,
Yet tender, sweeter year by year,
My cedars are true to me.

A parting word to the cedars!
For a friend of the cedars I,
They'll give in death what life they gave
When they keep their vigils near the grave
Where under the sod 1 lie.

WILLIAM F. HELD.

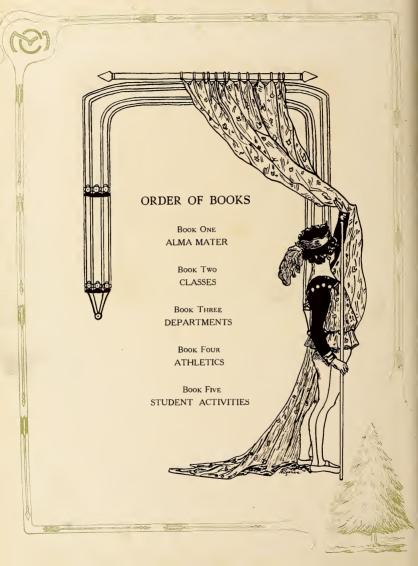

# Pedicated to Dr. and Mrs. J. H. McMurray

Sincerely appreciating the never-failing interest, hearty co-operation, friendly and wise counsel, timely encouragement, and sympathetic interest of these friends of the juniors and of Maryville College we, desiring to express our appreciation in some way, do dedicate to them this volume of "The Chilhowean."

## Dear Old Maryville

Near Chilhowee's mountain blue Stands our Alma Mater true, Dear old Maryville, to thee we lift our song. 'Neath thy Cedar grove so fair, We shall breathe the mountain air, While with merry hearts the chorus we prolong.

As the morning sunbeam's light Greets thee o'er Chilhowee's height, So our tribute, we as freely to thee bring. Youth's true homage full and free, We thus gladly render thee, Dear old Maryville, thy praise we freely sing.

To thee, guardian of our youth, Faithful guide to light and truth, We, thy children, bring our songs of grateful praise. And when we shall leave the hill. We shall ne'er forget thee still, Dear old Maryville, the scene of happy days.

### CHORUS

Sing we a song of our dear college home, Fondly we love thee still. And wherever we may be, Fond mem'ry turns to thee, Our Alma Mater, dear old Maryville.

## STANLEY CHARLES LANGE, B.A. CINCINNATI, OHIO

President and Class Orator Alpha Sigma

"Ye gods, end this college life and make two lovers happy!"

"Stan," or familiarly, "Booge," very early exhibited pugliistic tendencies, characterized by his femiliane admirers as "cute" and "entranefig." A bloody nose was about as common to him as a bent known as a "jawbracher."

This fighting spirit, rightly guided, was subdued and controlled by Unete Sam on the high seas, and he returned meek but still full of enthusiasm for his life work, the ministry. He was another of found use for him as a bookkeeping instructor for the ambitious preps.

found use for him as a bookkeeping instructor for the ambitious preps.

Always noted for his altruistic tendencies, his senior year alone found him stacked with "thanksenior year alone found him stacked with "thanksenior year alone for the senior year alone for the senior year alone for even Mr. McAdoo.

Dame Rumor would have him married than than searly ago. He plans to add two to the Maryville colony at Princeton next fall, so we decide that he is still on the right track.

"Stan" has been a very splendid constructive character on the hill, and we honor him as our president and thus colons of the senior was constructed that alone of the senior was constructed and the so that of the senior was the senior was president and thus or network.

## DESSA JANE ELLIS MARYVILLE, TENNESSEE Mascol

"And a little child shall lead them."

Friends I'll meet as I grow older.
But no letter friends than these.
Lacking earlier memories;
Later years mean hearts untrutbful.
Filled with thoughts of selfishness;
Here, from souls as frank as youthful.
Comes the love my lite shall bless.

Here, between us, no concealment
Lies within the outstretched hand;
Here's no wrong that needs correction:
Classmates, everyone a friend,
In the bonds of firm affection,
Bound together to the end;

-Jane N. Scott.

## BERNICE HELEN JONES, B.A.

BARTOW, FLORIDA Vice-President

#### Bainonian "She's young; there's plenty of time."

Bernice was built for travel, being light of per-Bernice was built for travel, being light of person and fleet of foot. Can you really believe that she was ever fai? Statistics record that this was a childhood characteristic. This 'Honevit Beameth' of the scale for one hundred, misleads us. She is not valued for her weight; she fills this lack in various ways. Being the eldest of five, Bernice came to college to set an example.

She is always the right girl in the right place. In her saphomore year Fate did not permit her

Athenian
"Hitch your wagon to a 'Star,'"
Think of ease, but work on."

Back I time of cost, but more on. to Maryvite. In the first of 193 "Senor' came to Maryvite. In the first of the first of the first of the cost older now. He left a fine place in his homeland and launched out without any knowledge of English into the states. Many bumps came in petting hearts of the Maryville students. At a very early age he completed the public school and the Normal school, delving into philosschool and the Normal school, delving into philos-

At a very early age he completed the public school and the Normal school, delving into philosophy and metaphysics when most of as were memorizing the multiplication tables. Music was his to light. Since the discovery that he could "tocar" the organ he has been playing for vespers. His early training even included bearing arms in the field, and he knows the dotor of powder as well as

of hash.

It was no wonder that his government sent him over here, for they have in view the future commissioner of education for Mexice. First, of course, the Normal from which he graduated. He inherited some of his studious tendencies from his father, who has for many years edited the Presbyterian papers of Mexico.

papers of Mexico.

Among other American ways, "Senor" has learned the "Pearson Way." The Class of '22 has been mighty glad that he made college in three years. Some of us have even sat under his instruction in Spanish. Come, visit us again, "Senor."

# LILLIAN EDITH BRANDON, B.A. NORMANDY, TENNESSEE Bainonian

"Creative economy is the fuel of magnificence."

With just a glimpse at Lillian's picture you will at once see why everyone remarks that every hair on her head is always in its place. She is indeed the neatest girl in our class. Along with her neatness she has an ample supply of knowledge—her each shing security—though her motto has always education. The property of the property of the procidention.

education."

Her childhood characteristics were mere brilliance and timidity. Since arriving on College Hill her timidity has changed to-well—modesty perhaps, and her brilliance has been used in acquiring a thorough knowledge of all the courses taught by Mrs. McMurray.

Mrs. MCNUTTRY.
Arong her bright school chums she was looked when high rank in class scholarship. In high school, where she pursued her learning off and on for three years mostly off, she acquired fame in her mastery of Latin. During the last two years she has been recognized as forming an important part, in fact one-fourth of the "Inseparable Four."

Four, "on her behavior, she has been rather good, or thought to be. She has learned to stack rooms creditably, to cook on forbidden occasions without suspicion, to stay on the campus when Miss, Molly airy arts of moonablining with One, of whom she was informed later, by a black letter, on Halloween, to be incligible. Her friends do not think that she haps?

## LUSTER INEZ BROOKS, B.A. GREENEVILLE, TENNESSEE Theta Epsilon

"Little said, is soonest mended."

We of the Class of '22 are very fortunate to have presented among our intellectual group an illustrious Brook(s). Among the many things we are assured of is that this Brook has a firm founda-tion, rolling laughter, a constant blush, a well-behaved head, and a capacity for always desiring to follow its own course. The course of this little Brook that rose in the

here course of this little shows that rose while the course of the cours

course.

As this Brook crossed the territory, commonly known as College Life, we note a long deep stretch marked on the chart as "English," from latitude I to latitude IT. At the lower end of this stretch

I to latitude 17. At the lower end of this stretch have accumulated five currents which sweep almost everything else under.

Our Brook, otherwise and elsewhere known as Luster, chooses to write stories. We are sure that her abundant experience in this field will give America another Mark Twain or O. Henry.

### FORREST DAVID BROWN, B.A. CLEVELAND, TENNESSEE Athenian

"The vocation of every man and woman is to serve other people."

"Brownie," not a fairy tale "brownie," by no "Brownie," not a lairy tale "brownie," by no means, for he's too real—a real spirit, real lady's man. Owing to his Scotch descent this brown nut is hard to crack, for he's mostly shell. However, he doesn't use this shell to exclude himself within, but rather as a fortress of uniting stability.

Stability.

Little Brownie, as characterized by his wanderings in the fields, rabbit hunting and lishing, can well be traced on up to mammal stage, for still he is acute to rambling, having tried to satisfy a small per cent by traveling through the Bonnie Highlands.

per cent by traveling through the Bonnie Highlands. England, Ireland and Canada, also he fashes well as yet incidentally for girls. Patience, Brownie, Irelands be setting the true value of this man, for we see him featuring in so many things which have meant so much to the entire college. We shall never forget the Life Work Conference putting into practice his three summers 'training received at Blue Ridge. Whether acting as president of the Y. M. C. A., Hearty society, or drudgement of the Y. M. C. A., Hearty society, or drudgement of the Section of the

ruled nature and learned something." We are proud of you starting out as a Y. M. secretary, and remember we are back of you!

### PERCY WILSON BUCHANAN, B.A. KOBE, JAPAN Athenian

"Let's cat!"

How glad the Class of '22 is that Percy heeded his country's call in the spring of '18! That he

form appendix.

"Hooks" was numbered in the membership of
the A. E. F., and since his return this noble lad
has chosen the immortal words. Fraitly, by name
bers him as the very efficient manager of the
Chilhowean. When Athenians or Bainonians stage
a midwinter, and when the seniors perform, they
choose our lad as property man. Under the proper
conditions he always works hard, that is when the
cause is sufficient to produce the effect.

# STELLA McMahan Henderson, B.A. SEVIERVILLE, TENNESSEE

Theta Epsilon "Knowledge comes, but wisdom lingers."

Stella has been one of us for four years. She has bravely endured all college hardships, including trig and theism. But she finds her delight in studying the workings of the human mind. Psychology is her pastine, and much of her senior year has been passed in introducing freshmen to the progress of education and upperclassmen to the functions of the cerebrum and the laws of perception, animadversion and the forces of environ-ment as against the adversities of inheritance. Her red pencil marks invariably leave an after-image

in the mind of the student.
Stella has other interests, however, judging from the look of pleasant anticipation which she wears to "mail call." We foresee that some day the call

be otherwise spelled.

will be otherwise spelled. Stella also enjoys the distinction of being one of the youngest members of the class. We won't embarrass the elder members of the class by giving away any secrets at this period. Age is a tender subject with the young, and a more delicate one as the years pass by. We are amazed that one of such youth could accomplish so much: but our wish is: May the joy of youth and happiness accompany you always!

#### LEE ROY HERNDON, B.A. TURIN, KENTUCKY Athenian

"Our nights are never dark, we manufacture moonshine.

As a child, rumor has it that Lee was lazy, inident and mischievous. Those who are intimately
equalistic with the facts of his early life state
equalistic with the facts of his early life state
and raise him often, the theory being, "Spare the
red and spoil the child." Such measures seemed
necessary in order to dispel such questionable
tendencles and to set him on the road toward the
realization of their plans for the son's future. Lee
seems to have responded favorably to his training. for we are unable to detect any remaining de-linquencies of a serious nature. Lee believes that he was born to be a chemical

engineer and having conformed his efforts to the principle of "He can who thinks he can," he has

principle of "He can who thinks he can." he has made notable achievements. He has been assistant for the past two years in the department of chemical control of the contro as a proper culmination of his college course.

# MARTHA ELISABETH HUDSON, B.A. MONTREAT, NORTH CAROLINA

Bainonian

#### "There is no wisdom like frankness."

Elisabeth-yes, I'm sure I've spelled it right this time-was born in Hangchow, China, and is proud of it. She lived in England and is proud of that

tit. She lived in Englind and is proud of t iso-and who can blame her? Giggling—happy—that's Elisabeth—even trict, religious early training did not squelch -perhaps only intensified her happiness. V knows?

Although Elisabeth has been around the world three times, she nevertheless chose Maryville Col-lege as the best place for intellectual, moral and ritual training.

During her four years' stay at M. C. Elisabeth was a hard-working member of the Student Vol-unteer Band, and was also scretary of the State Union.

Living now in "The Land of the Sky" Elisabeth belonged to the North Carolina Club and was editor of that noble organization.

editor of that noble organization.

For years Elisabeth dreamed of the time when she would enter Dr. Gillingham's theism class—and lo—the dream has come and gone; and unlike most dreams, it has left Elisabeth's mind in a coherent homogeneity instead of an incoherent

concrent nomogeneity instead of an incoherent heterogeneity, Now—there is nothing left for Elisabeth but to fulfill the purpose for which she was born—a pastor's assistant in a foreign country—China. God speed! is the wish of the '22's.

#### George Dewey Howell, B.A. BRANCHVILLE, NEW JERSEY Athenian

"It isn't so much what a man stands for as what he falls for.

While passing Baldwin did you ever meet a small, stocky chap with a bright and beaming countenance? That's George! He's always in a hurry—that is—when it's the right time and the

proper place to hurry.

"Love is a matter of propinguity."

Loyal and dependable, full of pep and energy—that's Ruth. When there is anything to be done you can depend on her. Whether it be playing basketball, getting up Theta midwinters or pulling any of the original and sensational stunts for which fourth-floor Pearsons is famous, Ruth always has some good ideas, and will do her part in carrying them out.

rying them out. She is an expression graduate and it is also pretty generally understood that there has been conferred upon her the highly desirable degree of junior year Ruth surprised us by cultivating tastes which would have been more characteristic of freshmen. She became an active member of the Amputated Hair Club, and showed a very decided preference for Green. These alarming tendencies did not prove permanent, however, and since the and not prove permanent, nowever, and since the junior year she has assumed all the dignity and sedateness which is expected of a senior. We are wishing good things for you. Ruth, and we hope that even your fond ambition to be "some-body's bost" may be realized.

#### FOUNT BEVERLY ROBINSON, B.A. LIBERTY, TENNESSEE Athenian

#### "I would rather make tetramethyl diamidobenzophenone chloride than eat.

Fount is one of our class physicians. As a child in industriously played the part, and as a man he is making rapid strides toward the realization of his childhood dreams. We are indeed considered to the construction of the childhood dreams. We are indeed considered to the confidence is derived from his well-selected and honored seat in the vast "heatiest could be considered from his well-selected motto." Dun't stop too soon, keep eternally at it. Then it is confidence is derived from his well-selected motto. The class of 22 was very glad to welcome such a telescope of the class can do without a handy man around to "dector" all the little tasks others would fain kear undone? What class can do without a "clean-up man" and a "(car-down committee?" Assuredly, Fount browth from his home the conviction. Fount is one of our class physicians, As a child

not a Senior Class.

Fount brought from his home the conviction.

"Give me liberty or give me death." This accounts for his rush to get back. Last year Fount so-journed at Vanderbitt, but he didn't feel at home additionable of the senior of the senior senior seadings with which he so often favored us of yere. Aside from Fount's humorous nature he taught a fible study class during the fall. He dows all things will not useful and loyal member we predict a bright future, for—

Doctors will be doctors, And moons will shine for aye, Though the world be full of deans and proctors Forever and a day,

#### HOBART REED ROWAN, B.A. GREENEVILLE, TENNESSEE Athenian

"A man he seems, of cheerful yesterdays, and confident tomorrows.

Despite the fact that Reed was born and raised in Greeneville, the tobacco center, that he was ill-natured and mischievons when he wore skirts, and that he was nurtured during his freshman year at Tusculum, he showed an increasing aptitude for better things.

better things, better things, better things, better things, better things, better the chose to amuse andiences with bis singing—in the chose to amuse andiences with bis singing—in the elies Culub Being a physical culturist, Reed chased even tessed goals for the seniors in their distress. Moonshiming in the sticks, Reed has developed lengthy strides, and so when field day came be the control of the seniors of the seniors of the seniors. The ministry calls Reed and be believes that "Tomorrow never comes," so he did not sow his wiid onto. Having an houset face he was intrusted with and later of the Glee Culub. Thus Reed showed that lecould be a good steward.

Our good wishes go with this worthy scalor, and coppel news around the world. Reed took in the Student Conference in

gospel news around the world,

# REBA ALENE SEATON, B.A. MARYVILLE, TENNESSEE

Bainonian

#### "Love all, trust a few, Do wrong to none.

Reba is a Maryville maid and has grown up among the vicissitudes of the town and college. She has witnessed the change from mud roads to concrete streets, from a small group of college passing of forty seasons. Since Reba matriculated on the hill ten years ago we judge that she must have known also of the junior academy days. No. she isn't so old—in fact not old enough to vote—yet. We feel the same possibility in due time. Reba has learned the ways of the hill and makes good grades in everything, particularly Latin. She

Reba has learned the ways of the hill and makes good grades in everything, particularly Latin. She takes to Vergil, Horace and Ciero like a duck clacks to water, though it doesn't run off guile so clause the properties of the control of the languages that the preparatory department has been making use of her services. The marvel is that she has made these subjects so interesting to her students that they have all fallen in love with the teacher. Reba, aspek last leach pext year, but her in-rections and the state of the control of the control of the particular that they have all fallen in love with the teacher.

Reha says she will teach next year, but her directs in Italy is so deep that she intends to visit there among the scenes of Cleero's greatness and Caesar's triumphal entry. This pleasant senior says, "You have not fulfilled every duty unless you may fulfilled that of being pleasant."

Athenian

"Still they gazed, and still their wonder grew, That one small head could carry all he knew.

Charles Sharp, In. walking any open charles an appendix ightly descree the popular walking an appendix ightly descree the popular walking an inhabitant of Maryville's subarb, Knoxville, he comes to us with but one event which made him famous—his birth—and even that fame was temporary and not permanent. His early childhood porary and not permanent. His early childhood was the control of the con was characterized by his insatiable appetite and his failure to grow east and west. His adolescent period was notable for the frequent board meetings

period was notable for the frequent board meetings which he attended behind the house and also for the faculty meetings at high school.

Said it is to note that one with snucle great house had been supported by the state of th

In college, however, this slight youth—for he was but slight, being but 132 pounds in weight and 69 inches in height, and he was but a youth, and 69 inches in height, and he was but a youth, heing twenty years of age—attained a cretain de-teary of the Athenian, intercollegiate debater for two years, winner of the Bates oratorical contest in '21, editor of the Chilhowcan, depatations chair Echo for his senior year. His merits as a toast-matter are recognized. All in all, Charles, old boy, we take our hats off to you?

#### SARAH NANNETTE WALKER, B.A. NASHVILLE, TENNESSEE Theta Epsilon

"To be conscious that you are ignorant is a great step to knowledge."

"Nashville Nan," "Walking Walker," or simply "Nan"—these are a few of the appellations heaped upon this modest girl who edited the Chilhowean of '21.

Her first year was taken at Cumberland Uni-

Her first year was taken at Cumberiand University. Soon after her arrival she came into prominence as a pianist, and has been teaching music of late. Some day we think she will be a noted concert organist, that is—if— "Nam" was born at Baird College, in Missoon: This may account for another Idiosyncrasy of hers, namely, her passion for orderliness. For her to clean up the room means that everything that doesn't have the contract of the contra

president of Theta was merely another by-product of her energy of the fact that she is entering upon in spite of the fact that she is entering upon monoshiner. For of the form has graced the shadows of caressing cedars. There is always hope, and her charming personality will some day win for her great things in the world of music and in the home.

# HUGH CRAIG TEDFORD, B.A. MARYVILLE, TENNESSEE

"How blest is he who comes in shades like these A vouth of labor with an age of ease.

A youth of labor with an age of case.

Hugh Craig Trelford, the man, who dreams in terms of work! From early childhood we find Craig to be one of a quiet but stern and persistent of the man, which is a superior of the male springtime when the blirds sing and all is lovely, even Craig. like all other members of the male species, plays with Cupid in only the right thing in the right two and the right time in the right way at the right time. He is one whom his enemies may rightfully fear, and the superior of the male species, plays of the male species, and the species when the superior of the superior

#### JANE KNOX WALLER, B.A. MARYVILLE, TENNESSEE Bainonian

"Wisdom is ofttimes nearer when we stoop than when we soar."

This girl of such faultless complexion, with such This girl of such faulties complexion, with such a suggestion of fun, and as psychologists call it, "an intellectual grasp." has been nurtured under the sound of the chapte bell, lot these many years. It is no wonder she yearns for degrees and study abroad. This capacity for knowledge is presumed to be common property among college students, but some discover the vacuum and some do not. Jane has been busy storing "book larnin" and she has specialized in Spanish.

see has specialized in Spanish.

In fact this inclination has been so strong that the faculty of the preparatory school asked her to pass on to some students in that coming limitation.

Jane has studied music for some time and has mastered the wind organ, otherwise known as the pipe organ. Her beaming eyes are frequently seen in the mitroe Prechyterian Church as she pulls the Italian of the hage pipes, on occasion Jane ilikewise equal to the situation at the piano.

In the kitchen Jane specializes in salada and of a career so auspiciously beam, she ill go around off a career so auspiciously beam. She ill go around

of a career so anspiciously begun. She'll go around the world all right and may be a missionary, or even found a home for friendless cats. Who knows?

# THOMAS BLAKE VANCE, B.A. CONCORD, TENNESSEE

Athenian

"It is not always true 'that the choicest bits are done up in the smallest packages."

Undoubtedly it is true that Tom was born to be a unit, but it took Nature a long time to Join his legs together and develop a head. In his youth he was awkward, blushing and timid—even despising the blueds that worse skirts. However, that is a deeply buried secret of his youth which we don't mean to disclose.

don't mean to disclose.

College has brought at least three epochal events into the life of Tom, namely, one of Mr. McCurry's two-hour Saturday night lectures, his first sermon imposed on the home community, and his meeting "HERL". So Tom is no longer an enemy of the

Moreover, Tom has been much interested in litcrary progress. He has been a member of Maryville's debating tenus for three years, always ville's debating tenus for the years, always stowed upon him the honor of the presidency of the Forensic League, and his society elected him year. Honors have come to him from the outside, and we are glad to note his membership in the Pi Kappa believe.

Pi Kappa Delta.

Tom has inherited from primeval ancestry a desire for adventure, and this summer he sails for of the new nature dates for the purpose of instructing other would-be-graceful youths in the art of tom-toms. We believe, however, that his more serious nature will influence him to render signal service in Hawaii as a teacher.

# BERNICE RUTH WEST, B.A. MARYVILLE, TENNESSEE Bainonian

"A merry heart doeth good like a medicine."

Bernice—we want to say Ber-nice, for that name implies what the girl really is. So it is pronounced in the Bible. "Bernice" means victorious, and we know she is going to live up to that meaning in

know she is going to live up to that meaning in all her undertakingam, is to present plays, and she has already shown her ability for that phase of work in putting on a play at East Side School and in assisting with the Bainonian Mid-winter, "The Arrow Maker." To back up her ambition, the property of the property of the property of the membership with Maryville College Players and membership with Maryville College Players.

Bernice lives here in town,
And her eyes are very brown;
She is not very fond of work,
But not a task will she shirk,
And her eyes a shirk,
And in that she shines, you bet;
In plays she takes her part.,
And one would think her very smart;
Yet in all this space,
We can't describe her face;
For it holds a calm repose,
For it holds a calm repose.
Full of fun and full of pep,
Full for fun and full of pep,
For hiking and swimming she has a rep.

# Facts About '22

HE Seniors of '22 are, in fact, the "Fifty-seven Varieties"—no two alkke, yet all agreeing. Thirty-six hail from Tennessee, and the others from twelve different states and three foreign countries. The sun never sets on the homes of the seniors.

This Class of '22 came to Maryville in the fall of '18. Ten of the men were enlisted in the S. A. T. C. Eight others saw service in the navy, army and marines. Five went overseas under the Stars and Stripes. Only thirty-three of the graduates entered as freshmen in '18. Fourteen others have taken work elsewhere and come to Maryville to graduate. Thirteen, feeling the spirit of '22, either waited or hurried up so that they might be included in this "Fifty-seven Varieties," Quite a range of talent is present. Among its members are found the presidents of all the student organizations, editors of all student publications, and the leaders of all activities. Fourteen have represented the college in intercolleigiate conferences, six in intercollegiate debate. Dramatics and musical organizations have likewise drawn heavily upon the resources of the class. Four association presidents are included in the list. The class has contributed very largely to athletics, particularly in football, baseball and track, where the outstanding leadership has been with '22.

The spirit of '22 is most easily described in unselfish service. None of the events from the fish-fry on the Tennessee to the final class day were characterized by any quarreling. Peace reigned in the camp. They hold the honor of having begun the first joint setting-up conference in the fall and the first life work conference in the spring.

A glance at the senior statistics show that the majority of the girls look forward to teaching and homemaking. The primary interests of the men in their life work are the ministry, teaching and medicine. None look forward to the law as a field. Eleven look definitely to the foreign service. Not a single senior leaves without any plans for his or her life work. Some are even on the verge of sending out announcements. Only one as yet has crossed over into that mysterious domain. He has been a constant inspiration to other aspirants!

As we leave we have a keen sense of appreciation for our Alma Mater, for her unselfish spirit and her labor in behalf of our physical, mental and spiritual welfare. The Class of '22 only hopes that its members will be able to live up to the ideals inculcated during these four years. Some are looking forward to graduate study this fall and they too will soon join the ranks of workers. To those who have had much opportunity much will be expected.

When the seniors started the custom of class distinctions, wearing the white sweater, the also set a pace that meant differentiation—that is, to do things differently and better. The Class of '22 bids you well and farewell. May we not, Alma Mater, fall short of that just expectation—service!

SENIORS IN SWEATERS

# JUNIORS CLASS OF 1923

# Our Maryville

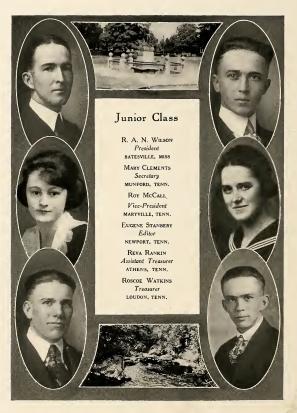

Our Alma Mater's praises sing,
Maryville! Our Maryville!
Her loving children tribute bring,
Maryville! Our Maryville!
Of Maryville, with record grand.
Her name beloved in all our land,
Of her we sing, for her we stand.
Maryville! our Maryville!

Brave men and true have wrought for thee,
Maryville! our Maryville!
For Country, God and Liberty,
Maryville! our Maryville!
Far shines thy light o'er land and sea.
The light that comes from Calvary,
And guides thy hosts to victory,
Maryville! our Maryville!

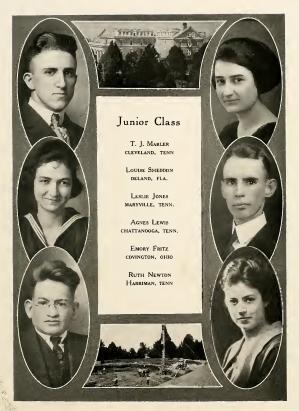

In calm and storm the same for aye,
Maryville! our Maryville!
We follow where she leads the way,
Maryville! our Maryville!
We praise her name who brought us here,
And bless the bond that binds us near,
It is our Alma Mater dear,
Maryville! our Maryville!

O, mother, dear, we love thee still,
Maryville! our Maryville!
Our home, sweet home is College Hill,
Maryville! our Maryville!
Within thy halls we linger long,
And greet thee with a grateful song,
Our love, our life, to thee belong,
Maryville! our Maryville!

Elimination and Expiration

GRADUATES OF THE PREPARATORY DEPARTMENT

MEMBERS OF THE FOURTH PREPARATORY CLASS

A GROUP OF THIRD PREPARATORY CLASS STUDENTS

## Preparatory Forensic League

HE success of the team last year has aroused a greater interest in debating this year. The record made last year is as follows: Debates were held with the Greenville and Knoxville High Schools, and with the Athens School. Out of the six debates five victories were won for the preparatory department. While the debates were hardfought ones, in many instances the judges decided 3-0 in favor of Maryville. It is the earnest desire of the debates to uphold this record of last year.

Negotations were carried on with many schools, among them being Cumberland College, Shorter College, and High Schools at Asheville, Bristol, Memphis and Chattanooga. Among these were many promising opportunities, but after much deliberation the following schedule was arranged.

#### FRIDAY, MARCH 31

Affirmative at Memphis
SHERMAN BURSON, Captain
ROBERT CAMPBELL

Negative at Maryville Frances Deane, Captain Sarah Ford Willie Mae Clifton

#### FRIDAY, APRIL 14

Negative at Knoxville
C. Lee Moore, Captain
CLARENCE JONES
NEFF DELOZIER

Affirmative at Maryville
L. E. Milling, Captain
William Murphy
Edgar Buchanan

#### FRIDAY, APRIL 28

Negative at Athens
WILLIAM L. JESTER, Captain
DEWEY EITNER

Affirmative at Maryville
KATHERINE BOIES, Captain
EUGENIA HAGOOD
FRANCES HARRISS

#### FRIDAY, MAY 12

Affirmative at Morristown
Katherine Franklin, Captain
Abbie Gillespie
Alberta Frow

Negative at Maryville Joe C. Gamble, Captain Julius Huffman

The above mentioned plans are not the only promising part of this year's schedule. Both the girls' and boys' teams are very strong. Among them are some very effective and efficient speakers. Only four of last year's "regulars" are back, but the new debaters are not lacking in enthusiasm, ability and the desire to bring honors to the school.

The league is very fortunate to have Professor D. J. Brittain to coach the debaters again this season. It was largely through his competent service and great foresightedness that the teams of last year were so victorious. With such an efficient and highly esteemed personage at the head of our ranks we are sure to accomplish great things. In fact, with the plans that have been made, the ability of the debaters, our competent coach, and the loyal support of every student on the hill, success is sure to crown our efforts.

# COLLEGE FORENSICS

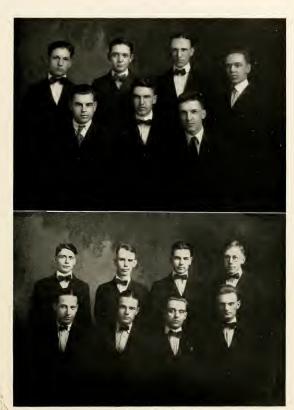

COLLEGE FORENSICS
The teams which met the Tusculum debaters at both ends of the line

COLLEGE FORENSICS

The gentlemen above lorded it over Roanoke College in good order, and the group below did the same to Milligan.

## The Boys' Forensic League

#### OFFICERS

THOMAS B. VANCE President
DAVID KING Vice-President
RALPH ARMSTRONG Editor

The debating schedule arranged for 1922 by the Forensic League was a very strong one. Debates were arranged for with Roanoke College, Tusculum College and Milligan College. Further, the league holds a contest for the selection of an orator to represent Maryville in the Intercollegiate Oratorical Contest of the Appalachian League. Our representative this year was Andrew Stewart.

To provide inen for these debates preliminaries were arranged so as to give all men interested an opportunity for a tryout. About forty new men entered the first preliminary, and of these twenty were selected. Later these men competed in a second preliminary with the eleven veteran debaters of the Forensic League. From his material the personnel of the debating teams was selected.

#### ROANOKE DEBATE, MARCH 13, 1922

Question: The principle of the open shop offers the best solution of the present capital-labor problem.

AFFIRMATIVE

Negative

HENRY COX, Alternate

#### Tusculum Debate, March 27, 1922.

Question: All revenues of government, local, state and federal, except those arising out of tariffs, should be derived from a tax on land values.

Affirmative . Negative

CHARLES SHARP, Caplain

VERTON QUEENER

BUGENE STANBERY

ANDREW STEWART

ROY BUFAIT, Allemate

BOBERT BALDWIN, Allemate

#### MILLIGAN DEBATE, APRIL 17, 1922

Question: The United States should retain possession of the Philippine Islands permanently.

Affirmative
Edward Cornelius, Captain
Chester Karrick

Negative
RALPH ARMSTRONG, Captain
CLYDE WILSON

ARTHUR KINSLER
FRANCIS KINSLER, Alternate

FLOYD CORRY EMERY FRITZ, Alternate

These teams began to train for perhaps the hardest debating season in the debate history of Mayville College, under the efficient coaching of our debate coach, Prof. E. R. Hunter. The Roanoke debate opened the season with a double victory for Mayville, the affirmative team winning unanimously at Roanoke and the negative a two-to-one decision on the home floor. The prospect for the other debates is equal success.

The Forensic League held an oratorical contest on March 20 to select an orator to represent Maryville in the latercollegiate Oratorical Contest to be held at Lincoln Memorial University this year. Eight men prepared orations and entered this contest. From these men the judges selected Mr. Andrew Stewart to be Maryville's representative in the intercollegiate contest. The title of Mr. Stewart's oration was. "The Might of Right." Last year Maryville took second place in this contest and this year we hope to do better.

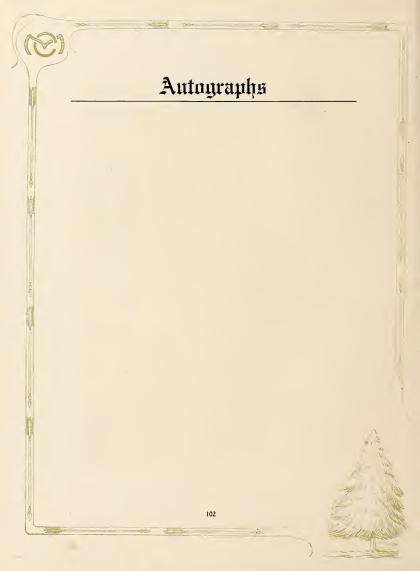

## Pi Kappa Delta

This is a new organization on College Hill. It is a local chapter of the national forensic organization—Pi Kappa Delta. Our chapter is the Alpha Chapter of Tennessee, since it is the first in the state. The membership consists of participants in intercollegiate debate and oratory, and instructors in debate and oratory. We have twelve charter members.

The object of this organization is to stimulate interest in college forensics. The athletes of Maryville College win their M and that is a fact long remembered. Heretofore those participating in forensics have not had so much recognition. Now each debater, each orator, and the coach, has a record of his achievements that will last even after college days. The key which the members of the organization are entitled to wear indicates the rank and honor of each member.

FORD, Captain

SULLIVAN, Manager

CAPTAIN FORD, a 160 pounder, returned to his old home at tackle this fall after a season's absence at quarter, and he came back with even more than his old-time skill. Followers of the gridiron on the hill agree that Ford is one of the greatest lineamen that ever wore the Ornage and Garnet. This year has added to his laurels. The captain's steady and experienced football head has been invaluable in the direction of the team on the field, and as a player Ford has stood out as one of the bright stars of a remarkably well-balanced team. It was as if there were three ends on the team, for it was one of Ford's pet amusements to dispose of his opposing linesman and so having done his tackle's duty, dash in behind the line of scrimmage and often, before the ends had time to do their deadly work, tackle the runner and end the play. Captain Ford has two more years of Highlander football on his schedule and in him we see the beginning of a strong and formidable eleven for next year's grid warriors.

MANAGER SULLIVAN, a 170 pounder, occupied the position of left guard, and has completed his third seaton of football at Maryville. In his other two years he has been considered a first-class linesman, and this year his play has risen to an even higher standard of excellence. He is in the play every minute, fighting with every ounce of his strength, and his energy and fighting spiril are good for the team. It is hard for a veteran to sit on the sidelines and watch his teammates fight, and this is what Sullivan had to do as a result of an injury, the first one in three years, received in the Carson and Newman game. This injury knocked "Sully" out of the Emery and Henry fray. Sullivan has carried the duties of manager with great success. It is unfair for a regular player to have the burdens of managership placed on his shoulders, but Sullivan stood up under it. Sullivan is a Junior, and next year, free from the worries of managership and schooled by the experience of three remarkably successful seasons, he should round out his full quote of Maryville football with highest honer.

JOHN HENDRICKS, who tips the scales at 165 pounds, entered college late last fall, but his experience and skill, particularly in the punting line, won him a place on the team already handsomely equipped with ends. It was John's second year as a regular and although he was severely handicapped by a weak ankle, he has punted with almost his old-time skill. His work in the Carson-Newman game was particularly noteworthy, inasmuch as his punting was clearly superior to that of the redoubtable Jellicorse. Johnnic is scheduled for one more year of football at Maryville.

JEAN McMURRAY, carrying 150 pounds of self, playing his second year of college football, played this year at quarterback after a year at halfback. Jean took on weight during the summer, and made and kept it bone and brawn throughout the season. No member of the team trained harder than Jean. He trains in season, and out of season, and his splendid endurance has borne testimony to that faithful training which helped him to stand up under the first game of the season with U. T. Jean at quarterback stood the test well and he directed the play of his teammates in a level-headed way. We may look for this strengthening warrior on our grid field two more years.

HILL at left-half was the most versatile player on the team. He played at all points in the back-field, and that in a commendable way. Opposing lines have found Hill a most difficult man to stop. No matter how many were appointed on a reception committee to meet Mr. Hill at the line of scrimmage, when Mr. Hill arrived he usually went on through, accompanied by as many of the committee as really cared to ride. "Hill-back" was deadly play for the opposition, for some sort of sizeable gain was sure to follow and not infrequently Hill tore through for dashes of 40 or 50 yards. He was the youngest man on the list, and is eligible for many more years of football at Maryville.

JIMMIE HENDRICKS, who placed 165 pounds of heavy weight against the opposing team, was a difficult man for the opponents to box. He has all requisites of a great end—speed, weight, reach, and an ability to follow the play quickly and unerringly. Jimmy got into all plays possible, head gear or no head gear, he cared not. It was interesting to watch his mat of hair as he carried it here and there about the field into every quarter where fight was shown. As for snatching passes out of the air he was there and on the job. Jimmy returns next year. A stronger team still.

PARKER

WYNCOOP

THROWER

PARKER handled his 165-pound self at halfback in good style. He is a good runner with the ball and a punter of more than average ability. He participated in every game of the season and always performed creditably in both offensive and defensive playing. As to meeting emergencies Parker was there with a trusty toe which placed the pigskin at the most advantageous place he could detect. We look for Parker back.

WYNCOOP, at end and halfback, filled the niche well and in good form with his 153 pounds. Wyncoop, a man of nerve and line-breaking ability, plowed through and made for the open field for much gain. A bum knee will keep the best of men out of games, so Wyncoop had to step out of the battle line and retire to attend to his bum knee. Wyncoop is expected to return next year,

RICE, a bulky fellow of 194 pounds, was a fighting warrior decorated a la strawberry blonde en tete. He is built on the general plan of a superdreadnaught to as to combine speed and weight, and no enemy line has succeeded in stopping him or consistently penetrated his defense. Rice seemed to improve with every advance of the season until at the end he was astonishing the grandstands with his uncanny skill in charging through. Statistical details of plays are not available, but the writer doubts whether any other two members of the team together recovered more fumbles than did Rice, and occasions have been many when he has broken through and harried opponent passer inconsiderately. His game throughout the season has been unusually alert and aggressive. He will return next year.

THROWER, the man who hails from Texas, proved a match at tackle to any opposing linesmen with his 193 pounds of Texas growth and brawn. The Tennessee linesmen who tried to stop him October 1 came out of the fray wondering how on earth Walter Camp ever overlooked him in selecting a 1920 All-American team. Throughout the season in every game this giant tackle has torn open opposing line of defense, and on defense has stood a rugged part of the stonewall. Thrower is a linesman with the valuable combination of weight and speed. To throw his opponents for a loss was his chief delight, and he expects to do it next year on the Maryville battlefield.

Bon King is a flashing quarter who did his utmost with all his 142 pounds of weight every time he got into a fray. One of the secrets of this season of miracles is in the fact that no one man's absence from the line-up wereked the team or made it noticeably weaker. There were always men, who could fill any gap, waiting on the sidelines for the nod of the coach, a signal that action is wanted. McMurray gave way to King in nearly every game and the quarterback position was kept in good hands all the time. King proved to be an unusually fast man who will be back next year, for he is a junior.

DINWIDDE, only a 228-pounder, extends skyward úx six, so they say, and he hits the line hard at guard. To be a man of weight is to be handicapped in a way of speed, but "Tiddlivinka" was master of his weight and carried it over the grounds with ease and something of speed. His charging was low and effective. Many a poor opponent went down before his attack. A persistent injury kept this giant out of many plays, but he expects to make up for it next year.

MCLAUGHLIN, an iron man of 183 pounds, at center, was a man in a man's position. As to accurate passing of the ball he hardly has an equal 'round these diggin's. When he played he played, and every man who played opposite him can tell you the same thing. On defense he has played an aggressive, hardworking game, and in spite of his reckless participation in every play he has come through the season unscathed and begging for more action.

At playing "Cec" is fine, but at instilling pep into the men he played with he has a much better record. That was the most of McLaughlin in every game and in nearly every play. A regular pepper box was he. Three more years of retvice from this veteran will be appreciated by Maryville. "Let's go, gang!" and the gang followed.

SNEED carried his 140 pounds through with a rush. From his sojourn in baseball last year into the realms of football this year, and that with a good showing, did Sneed come. A sound, fast man at halfback and a hard one to stop. What he lacks in size he more than makes up for in elusiveness and speed. Next year this sophomore should make a backfield man of more than ordinary value.

McLane Acton Sullinger

MCLANE, a fast, 150-pound end, has been a revelation of quick thinking and brilliant defensive playing throughout the season. Quick at reading the coming actions of his opponents, McLane is there with the
goods when puzzling plays are staged by the opponents who find "Mac." a stumbling block in the way
of their intended and wanted progress. McLane and McMurray make up a forward-passing combination which has worked effectively on many of the longest passes of the season. It is too bad that such
a man as Eddie will be lost this year, but it seems likely that he will not journey this way again, as he
professes to be a senior. He will be welcomed to the Old Hill however, should he decide to return.

ACTON, the man who, with 170 pounds of his own, displayed wonderful style and form at right half, has contributed his big bit to the strengthening of the Highlanders in the football world. He proved a mighty strengthening to the team throughout the season. Tennessee sat up and took notice when this man of speed and play plowed through their muddy field, and when he checked the progress of many of U. T.'s men who fain would have trounced the Highlanders. We are sorry that Howard College lost such a player, but we are glad that he came to Mayville for the senior year. Should Acton return next season we would be sure of a still better display of football skill and play from this man of the Southland. Acton was a deadly tackler and a wizard was he at breaking up aerial attacks. And to think he is a senior! Tough luck he is not a soph or junior.

Sullinger, a varsity man of weight and speed, filled the fullback's position credibly with his 165 pounds of well groomed and cared for human flesh. A gamer, harder plunging player never battled for the college, and what he lacks in weight he amply supplements in grit and nerve. Playing between the spectacular Acton and smashing Hill, Sullinger has done his bit to maintain the stellar standard of the Maryville offense. It has been a genuine delight to the spectators in the stand to see "Tubby" tuck the old skin under him, gather up his feet and plow through the opponents for five, eight and ten yards and then do it over again to the chagrin of the losers. "Tubby" is a junior, and his last year here should be a great one.

Thanksgiving day was drawing to a close. And with it the greatest football season that Maryville has ever seen was closing also. Out on the well-worn gridiron the heftiest bunch of the fightin'est fools that ever fought for the Orange-Garnet standard were presenting an immovable line against the frantic battering of Chattanooga's warriors. For four downs the old line held strong—the whistle blew—the game ended with a score of 34 to 0 for old Maryville.

The game was over, the season ended, but like Banquo's ghost this season "will not down." To quote our worthy editor of the Highland Echo, "The history made during its course will be immortal in the annals of Maryville. Its laureled heroes, already accorded their places in football's Hall of Fame, will live for years in the oft-repeated reminiscences of those who witnessed their titanic struggles. Struggles in which they as none who have gone before defended the honor of Maryville and bore the Orange-Garnet triumphant to unparalleled and glittering victory.

After opening the season with a 27-to-0 victory over Knoxville High in a practice game the Highland team met its ancient enemy U. T. in the hardest battle of the year. Ere the sun was setting on that Saturday afternoon over Tennessee's slippery, soggy field, Maryville men were adding history to Maryville's football record by holding U. T. to a 7-to-0 count. Seven to nothing! The only defeat of the season, and the first of only four times when the Orange-Carnet goal was crossed.

A 7-to-7 tie with Cumberland College and then one after another in rapid succession, Milligan, Roanoke, Cumberland University, Carson-Newman, Emory and Henry and Chattanooga, went down in utter defeat.

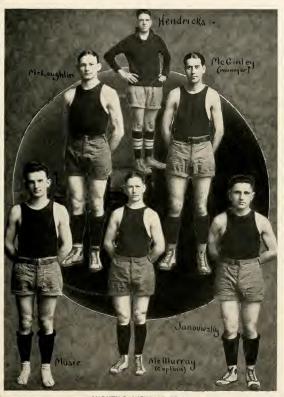

The season's score stood 224 for Maryville and 28 for opponents. Truly a great record. Then here's to the team! The team whose career has now become history. Though their laurels be unsullied, though they never taste defeat, those warriors who will emerge from the future will never dim the glory of the team of '21. They were clean sportsmen, every one of them, in successes or reverses. Every interest on the hill pays lavish tribute to them, and throughout all of Eastern Tennessee they are acclaimed champions.

Now last of all and by no means least. Here's to the coach. The greatest coach we've ever had. His rare ability and his efficient training have made possible the wonderful team of '21. Already we foresee the ambition of Coach Honaker becoming realized, namely, the coming of the day when football shall "become an institution at Maryville."

GIRLS' BASKETBALL TEAM AND COACH

VARSITY BASKETBALL TEAM

### Girls Baskethall, 1921-1922

M. C	27; Chattanooga	. 17	M. C 17; F	Peabody 37
	21; E. T. S. N		M. C 18; N	Martha Washington . 18
M C	16. Polytechnic	3		

Hats off to the ladies! This Co-ed team of ours has combined with beauty and charm a special brand of speedy, hard-playing baskethall skill that is all but invincible. Under the able leadership of "Syd" Sherrod and Coach Queener these fair but fightin' ladies, out of seven games won five, tied one and lost one. Tusculum, Chattanooga, E. T. S. N., Poly and East Side all tasted the cup of defeat, while Martha Washington had to be satisfied with an 18-to-18 tie. Peabody alone carried off a victory, and we'll say this about it, they sure had one big fight on their hands.

The best scoring machines for M. C. were Adair and Sherrod, although due to some mistake the numerical pointage is not available. The guards, Delozier and Buccalo, as well as guards Heiskell and Brown played consistent games and did more than their share in the making of the season. Many McSpadden and Sherrod handled the globe with pep and style—some cagers all. Nor can too much be said of Robinson, the fighting center, whose work in our humble estimation far surpassed that of any center we've seen on our court in many a season.

The girls made a great record, and to quote the words of our red-headed athletic editor, "let's all throng round the oft remembered pazaza and give fifteen rahs and make it big."

### Boys' Basketball, 1921-1922

M. C 18; Milligan 24	M. C 27; U. of Louisville 21
M. C 28; Johnson Bible 14	M. C 29; Transylvania 24

M. C 25; King College 27	M. C 44; Sevierville Tigers 6
M. C 26; Tusculum 13	·

After a great season our men's basketball quintet left the court with a score of 361 points against 294 points made by their opponents.

Not only did the team win almost twice as many games as they lost, but the Maryvillians played stellar basketball in true Maryvillian style during every minute that they spent on the court. While the whole bunch deserves credit for their work, the three best point getters were Hendrick, who scored 124 points, Captain McMurray, whose total was 81, and that bold Western knight from Kansas City, Giles Mc-Ginley, whose pointage scored from guard position was 36.

The opening game of the season came to grief when the five from Milligan College scored a victory over our cagesters by 18 to 24 on our own floor. The second game with Johnson Bible College, however, was a comeback, and Johnson Bible fell to M. C., in a 28-14 defeat.

Twice we fell before E. T. S. N. and twice we defeated Tusculum. In attempting a revenge on Milligan we only succeeded in tying the score. We licked the University of Louisville, and also Transylvania, and then went down in defeat before Bo McMillin's cagemen. The season ended with a victory over the Sevierville Tigers. It was not a spectacular season when compared with our glorious football history, but nevertheless it was a season marked by real basketball art and clean, sportsmanlike athletics. Under the training of the coach and the leadership of Captain McMurray there was developed a great team, and Maryville is proud of it.

## Baseball Men of 1921

Twelve "diamond" men of last year, men who played hard at the national sport for the sake of Maryville and for victory, are: Guy Sneed, second; Roger Williams, pitcher; Frank Lowery, shortstop; Frank McLaughlin, pitcher; Charles Partee, third; Leslie Davidson, left field; Baxter Williams, catcher; Roy McCall, right field, manager; Reed Rowan, center field; H. Williams, pitcher; Paul Smith, pitcher, and Jarvis Cotton, first.

May	23-M. C.						6; Alcoa 5
May	24-M. C.						4 Alcoa 10

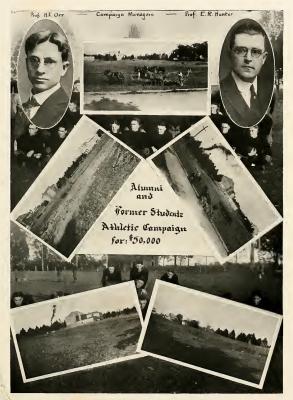

The baseball season of 1921 was a hot one for old Maryville. The first official game of the season was played on the home grounds on March 29, and it was to the tune of 13 to 5 that our boys defeated the Knoxville High boys. Following this practice game the Orange and Garnet baseball artists stepped into big league prominence for two games. The first was played with the Boston Red Sox and the other with the New York Giants. Oh yes! we got licked all right, but we'll say that it's not so bad at that, for we surely gave 'em a fight. Then followed a trip of short duration. Our team on foreign territory split the victories fifty-fifty, losing a game to Carson-Newman and winning one from Johnson Bible College.

On April 15 our old enemy from U. T. came over to play with us in our own back yard. In what was undoubtedly the most thrilling game of the season the Orange-Carnet and the Orange-White met in battle, and the bearers of the latter colors were victorious by one score.

Following our scrap with U. T. a game with Milligan was played, resulting in a thorough walloping being delivered to us by the visiting team. That ended the slump however, and the fast Alcoa team went down in defeat before the onslaught of the Orange-Garnet diamond artists. Three games closing the season were played with Alcoa, two of them resulting in a victory for M. C. and one in a victory for Alcoa.

The season as a whole was very satisfactory and closed with a feeling on the part of everyone that old Maryville had put out some good baseball.

Eleven men won letters, Frank McLaughlin, "Davy," Cotton, McCall, Sneed, Smith, the three Williamses, Rowan and Lowry. They are a real bunch of baseball players, and we are proud of them.

A NEW ATHLETIC FIELD-A STRONGER AND BIGGER MARYVILLE

# The Alumni and Former Students' Athletic Campaign

URING the late winter and early spring of 1921 numerous suggestions were made as to what might be the greatest contribution in the power of the organized alumni and former students of Maryville College to the progress of the institution, and from these suggestions there emerged the proposal that the alumni and former students of the college undertake the task of raising among their own number a sum sufficient for the providing of

adequate athletic facilities on the hill. At the annual alumni dinner on commencement day the movement was formally launched to undertake a campaign for \$50,000 among

the alumni and former students.

The secretary of the Alumni Association, Professor H. E. Orr, '12, was placed in charge of the campaign. He was assisted by Professor E. R. Hunter, '12, as manager of publicity. Throughout June, July and August these men, dealing with a mailing list of some fifteen hundred names of ex-Maryvillians, conducted a campaign of correspondence and pamphleteering. There was no lack of arguments for the cause which was being urged. It was obvious, first of all, that the college did need the athletic equipment. But a larger issue was at stake than the athletic issue. It was a campaign not for athletics only but for the whole tradition of Maryville College. Maryville must be made attractive to prospective students. Young men about to enter college are attracted strongly by the school with first-class athletic equipment and a sound athletic policy. Maryville has something worth while to give to the coming generations. If she is to have the opportunity of serving them she must be given the athletic facilities which will render her attractive. Moreover, there was a feeling that it would be good for the alumni themselves if they were brought together in some concerted effort for Alma Mater, who had not spared to serve them.

These were the issues; what was the result? In the first place, the former Maryvillians everywhere responded most loyally. Where there was not the means to help financially there was the interest of the heart and the enthusiasm that was most inspiring. Only two alumni were outspokenly critical of the measure. Only two out of the hundreds who were reached! Further, there was a tangible response in the form of pledges and cash contributions which mounted steadily through the summer and which still continue to climb. The present total is almost exactly \$20,000—and recall that this has come from Maryville College people, who are not rich people, in the midst of the very hardest year financially in the history of the United States. Finally, there are visible results on the hill in the shape of actual work of construction. Although only a small sum has been paid in cash, the college has lent its support to the movement, in the form of loans, in spite of its own almost hopelessly hard-pressed condition, and the \$4,000 task of grading and leveling the athletic field is completed. This field is going to be beautiful and useful even beyond the expectations of those who have for long years had it in their dreams for Maryville. Nothing finer could come to the old college than this arousal of alumni and former student spirit.

YE STUDENTS OF MARYVILLE, THOU SHOULDST BE HAPPY THAT THIS IS A CO-ED INSTITUTION

### Y. M. C. A. Activities, 1921-1922

NDER the capable leadership of Forrest D. Brown the Y. M. C. A. Cabinet and Committeemen and Y. M. C. A. workers accomplished much during the year. Many new undertakings were launched and they all proved a success. In a way a precedent has been set that will keep the newly-elected officers on the hop to keep up the good work. There follows a brief summary of the work done by the different committees.

Social Meeting and greeting new students and acting as walking information bureaus, sings were field in "Y" reading rooms for first week or so after college opened, and on September 17 the opening social was given in the gym, where hundreds of "dogs" were unchained, peanuts treated rough, and games enjoyed; and best event of all was the night all new students went to Dr. and Mrs. Stevenson's for a social hour and general good time. Then, too, there were hikes to the Smokies and their foothills.

Membership: A task of getting old and new students to realize advantages of "Y" membership. active and associate membership being fully and clearly stressed and explained. The Friendship Council, with Actor recently chosen secretary, enlisted many fellows as active members.

Religious meetings: Addresses were given by Dr. S. T. Wilson, Dr. Stevenson, Dr. Broady, Dr. J. Q. A. West, Dr. O. E. Brown, Dr. Gilingham, Dr. Buchanan, Coach Honaker, George E. Helm and last but not the minor one, Miss Clemmie Henry. Several meetings were conducted by students and Emery surely deserves credit for what he has done as chairman of the religious meetings committee.

Bible Study: Some 150 men or more received beneficial training in different Bible Study groups conducted by students themselves. This work was done in connection with the city churches and Sunday schools. Some of the courses were, "Jesus and His Cause," "Student Standards of Action," and "Introducing Men to Christ."

Lyceum: "Inpresario" brought four grand opera singers to Maryville. This number cost as much as all lyceum numbers of last year. "It Pays to Advertise" made a hit with all and it is admitted in general that it pays to advertise even "13 Soap." The London singers and impersonators, led by Miss Illings worth, concluded the lyceum course proper. Mr. Ira Landrith, a speaker on prohibition enforcement, spoke in chapel March 13, and the season came to a close.

Music: College quartet, ladies of the music department, cornetists, solos, vocal and instrumental, and group singing with Prof. Hall as leader, are some of the musical programs we enjoyed.

Athletics: East Tennessee basketball tournament of February won by Maryville Polytechnic; the field day of April 7th, and the swimming meet of the last of May.

Mission study: Courses in churches at Sunday school hour; "The Kingdom and the World," and parallel with it is a course of study along the line of social service dealing with the Negro problem of the South. The text book is one by Dr. Weatherford.

Social service: Jail services and out of the city services have been faithfully and effectively conducted throughout the year.

Conventions: Seventeen students attended the Blue Ridge Conference; one went to the State Y. M. C. A. Conference at Nashville, and the Student Volunteer Conference was attended by two of our number.

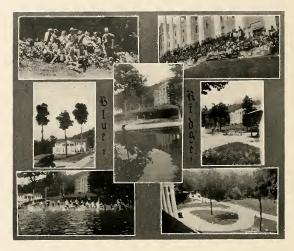

Deputations: With hands more or less tied for no reason of his own, the chairman of this committee was unable to do as he wanted to. However the Alcoa School was visited by this committee and as a result more effective plans are being made for future work along the same line.

Publicity: Attractive and effective advertising by posters, press and platform presentation. A work of this committee worthy of praise is that of the Handbook.

We would not for once forget the "Y" store, where Othel and Eitner hand out the sweets ("Tangos" included) to the sweet-toothed fellows who are numerous on College Hill.

Special: The Life Work Conference, made possible through the devoted efforts of our president, Brown, proved to be helpful to all students. Interviews with such prominent men as Dr. Weatherford, Dr. Mitchell, Rev. Gilbert Lovell and Dr. Wilson of Knoxville, and the privilege of hearing them in addresses was a great treat and uplift to all.

### Blue Ridge

In the minds of former delegates, Blue Ridge is not a place, but a living experience. Here the students work for the threefold goal set by the Christian Associations—the development of spirit, mind and body.

Away from the cares and rush of ordinary activities, the seventeen delegates from Maryville gained inspiration and new visions from song, and from the personalities of the leaders and other college students a little larger portion of the spirit of Jesus than was theirs before.

Life problems were studied in morning classes, while most of the evenings were given over to prominent teachers and leaders of the country, who presented a challenge for service to God and humanity.

Recreation in the form of swimming, baseball, tennis and hiking about the beautiful surrounding country was enjoyed in the afternoons. The ten days were strenuous, but were well worth while, for they were entered into in a true Christian spirit.

## True Nobility By Edgar A. Guest

Who does his task from day to day And meets whatever comes his way, Believing God has willed it so, Has found real greatness here below.

Who guards his post, no matter where, Believing God must need him there, Although but lowly toil it may be, Has risen to nobility.

For great and low there's but one test: 'Tis that each man shall do his best. Who works with all the strength he can Shall never die in debt to man.

A GROUP OF ALPHA SIGMA LITERARY MEN

### Alpha Sigma

HE Alpha Sigma Literary Society has made its influence felt in every activity on College Hill this year. This society was established with the aim and purpose of promoting literary and social activities, and from its beginning its never failed to raise its standards higher year by year.

Alpha Sigma men have the spirit of coöperation and unselfishness, and this year has been one of its greatest years in advancing the principles for which it stands.

The spirit of the society has been felt in every phase of college life. Our men have stood for clean competition in all college activities. Indeed, our members are ambitious, but their ambition is guided by unselfshness; they are social, but the social aims of the society are limited by the realization of the importance of high literary work. The society has kept a close guard upon its traditions. In the admittance of new members quality and not quantity has been the guiding principle. We received a large number of active members from the new students, and their talent and ability have been felt in all of the college activities. Our members have ranked high in college athletics, and the debating season has given them a chance to show their ability. Thirteen Alpha Sigma men are on the debating teams this year and the intercollegiate orator is an Alpha Sigma.

The annual midwinter is the special feature of the year, and in this the members of the society are given an opportunity to show literary talent. The play, "Rip Van Winkle," was an overwhelming success and won high commendation from the entire student body. In the preparation and presentation of this play the members showed their loyalty to the society by coöperating with the caste and the committee and making it a success in every way.

Success for the society was predicted last year, and we have fulfilled their prediction, but we are not satisfied. We want more success and with such a policy of coöperation and good fellowship as is always prevalent in Alpha Sigma there can be nothing but success. The society has ideals that are harmonious with those of the college, and it has always been the chief aim to be loyal to old Alma Mater. The history of the society is rich with achievements, and its ideals have been carefully guarded and perpetuated. Greater achievements and higher attainments are the ambitions of its present membership.

STUDENT VOLUNTEER BAND George Howell, President; Elizabeth Hudson, Sectelay; Bernice Jones, Treasurer; Ruth Allen, Editor.

### The House in the Woods By WILLIAM JESTER

There's a winding road that rises and falls
O'er hillocks here and there,
And is bordered by stately cedars and pines
And oaks and hickories fair,
Which give one a feeling of awe and peace
Whene'er he beholds their varied forms
Swayed by the morning or evening breeze,
Or snifts the scented air.
But this road has an ending, as all roads should,
In their windings to and fro,
And its ending is Welcome! Happiness! Home!
For it ends at the "House in the Woods."

This quaint house is carefully tucked away
Under the canopied rky,
In its quiet and home-like solitude
With a sparkling creek hard by
That winds about, but with measureless tread,
As it ripples on its way,
With its pools as baths for the feathered folk,
Or mirrors for the sky.
But with all the beauty that lies about
Adoring Nature's good,
It cannot detract our hearts and minds
From this home, "The House in the Woods,"

Tisn't merely a house, as we often think In the terms of wood and stone, Constructed by art and man's device For beauty, and beauty alone; But it is a home with an open door And two hearts that throb within, Have always to all that with it so, A parent spirit shown.

So when you are lonely, homesick or sad, There's one thing will do you good—Just make a visit to "Mother" and "Dad". At home in "The House in the Woods."

#### SENIORS

Hereafter all students applying for a degree of any kind will be required to answer the following questions. Anyone failing to average as high as 93% will not be granted a diploma. The questions are as follows:

- 1—If X is equal to ½ Z, when will the League of Nations be?
- 2—Where is one able to find the Dodo bird? What are its characteristics? (price of its eggs and so forth).
- eggs and so forth).

  3—How is one able to sharpen their shoulder
- 4—Where and when did George Washington, in the year 1776, discover America?
- 5-Why does a hen cross the street?
- 6—Which would you rather do or go fishing?
  7—If the main street of Maryville was a
- 8—If the main street of Maryville was a deck of cards could Smithdeal?
- 9-When were you born, and why?
- 10—Give a short, concise sketch (10,000 words) of the life of Ivan Ivanoshironski, the celebrated Irish Jews-harp juggler.
- (Optional). Give the constitution of Russia, verbatim.
- 12—(Also optional). How many rivets were used in the construction of Brooklyn bridge and why was not the Hudson River called Lake Erie?
- 13—(By C. N. Sharp). Have you ever been on the staff of some publication? If not you deserve no diploma.

Poetry has less sense but more rhyme than prose.—From Little Benny's Note-book.

Show people you are a live wire and they won't step on you.

First Co-ed: "How are your matrimonial prospects?"

Second Co-ed: "Pretty good. I'm on my fifth lap."

Professors insist that students burn the midnight oil, but most of them fail to state whether kerosene or gasoline. She: "Aw get out! That soft talk slides off me just like water off a duck's back."

He: "Yes it may, but the duck likes it."

Those who can, do; those who can't, teach.— Bernard Shaw.

#### Tell Me. Please!

There's singing on the campus, and there's racket in the hall;

The fellow in the room below is knocking on the wall.

The room next door's a mad house. The Profs. say I'm a shirk.

But tell me with this racket, how I'm a gouna work.

My roommate's a sonambulist, the guys next door all snore:

The nightly working, doping squad have got me wet and sore.

The night owls tramping in the halls make all the loose boards squeak,

So tell me, with all this racket, how am I gonna sleep.

Anonymous.

Charles Wathen: "Do you know why they paint the inside of chicken houses?"

Mr. Pleasants: "No."

Wathen: "It's to keep the chickens from pecking the grain out of the wood."

What you are speaks so loud that I cannot hear what you say.—Emerson.

Prof. Hyden: "Arnold, was Al in class today?"

Arnold (puzzled at strange name): "Al who?"

Stanberry (in with Prof. on joke): "Alcohol, of course. Kerosene him and he ain't benzine since."

Here's to the seniors, the whole bunch of them; may their sweaters always remain white. Sneed: "Just think, old top, in Japan you

can buy a wife for forty cents!"

Partee: "Well, I reckon a good wife's

Partee: "Well, I reckon worth it." High in Quality

Low in Price

Baldwin Co-ed: "I'm going to get married as soon as school's out if Jim can get a week off from his work. I think he'll be able to; you see it ain't as if he was asking for a vacation to have a good time."

"I don't feel at home in Baldwin parlor," said a certain fellow who had the habit of calling at Pearson Hall.

"And I don't feel right in Pearson parlor," said his friend. "Why, when I'm there I feel just like a horse in a garage!"

"Hooks" Henderson: "I've got a watch with an Italian crystal."

George Howell: "How's that? It looks like any other."

"Hooks" Henderson: "Yes, but it's different. If you look at this one twenty-four hours you'll see a day go."

The school boy who uses his Homer to throw at his fellow's head makes perhaps the safest and most rational use of him.—Bernard Shaw.

#### Jokes

What shadows we are, and what shadows we pursue.—Burke.

Hobart Ford: "Say, Bob, did you ever hear the story of the dirty shirt."

B. Thrower: "No, I never."

Ford: "Well that's one on you."

\* \* \*
We ought never to do wrong when people
are looking.—Mark Twain.

A goat's head is sufficient evidence that a striking countenance does not always indicate brains.

Charles Ellis (in chemistry): "That pint of water sure does neutralizes my dryness."

The shallows murmur, but the deeps are dumb.

—Goethe.

Don't brood over your troubles, they are liable to hatch,

"Cec." Mc. (in biology lab.): "If you drink this water the frogs are in you'll get drunk." Pee Gee Rice: "Aw, I don't believe it!"

"Cec." Mc.: "Sure you will! Ain't the water got hops in it?"

"How do you get down off an elephant," asked "Peggy" Thomason for the fourth time.

"You climb down," answered Ford.

"Wrong!"

"You take a ladder and climb down."

"Wrong!"

"Well you take the trunk line down."

"No, you're wrong again. Don't you know you don't get down off an elephant; you get it off a goose."

Prof. Hyden: "Mr. Armstrong, can you tell us one of the most memorable dates in history." "Brick" Armstrong: "Yes, sir; Anthony's date with Cleopatra."

Who then is free? The wise man who can govern himself.—Horace.

Coedna: "We had fire drill in the hall last night."

Eddie: "So I hear, and I understand that you made quite a showing.

Use every man after his deserts, and who would 'scape whipping.—Hamlet.

This is a bad spell of "wethur," commented Prof. Hunter while correcting an English paper.

#### The Girls' Third Year

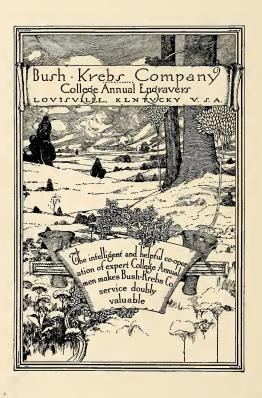

March 6, 1922, marked the culmination of a three years' struggle between the Co-eds of Maryville and Tusculum.

In the other two years the visiting team of each college suffered defeat, but there was victory at home for each. Last year the balance of votes favored Tusculum. Tusculum won unanimously on her home floor, and Maryville's victory at home was a close one.

This year each college faced the somewhat evident philosophy that it could win at home, but must lose away from home.

The issue was most effectively decided on March 6, when Maryville's co-eds won unanimously at Tusculum and at Maryville.

The question was: Resolved, that labor should have a share in the management of industry after the general plan of the Proctor & Gamble Company.

# BENSON PRINTING CO. NASHVILLE, TENN.

- ¶ More than ninety universities, colleges and schools of the South favored us with their Annual printing contracts for the year 1922.
- ¶ This phenomenal record is the natural result of the high quality of workmanship displayed in all our publications, coupled with the very complete service rendered the Staff.
- ¶ From the beginning to the end we are your counselor and adviser in the financing, collecting, and editing of your book.
- ¶ Surely if "Experience is the best teacher," as an old maxim says, then our service must be supreme. Decide right now to know more about our work and service. Simply write for our proposition.

"College Annual Headquarters"

#### **AFTWORD**

We have read experts on "How To Do It"; we have heard others say, "We have done it"; and now we say "We have done it, and if you do not like it, why we—well, blame the Editor."
